

Zonta District 11, 71st District Conference Safety Protocol

The Zonta District 11 Board has been focused on safety from the start of our planning. Members' safety is our number one priority for this Conference. That has led to this Conference being electronic and in-person. You can select how you feel comfortable joining. The Hilton Orlando has an in-depth protocol that is on their website. Also, through the Hilton app you can check-in and enter your guest room keyless.

The floor plan of our meeting is in two adjacent ballrooms. One room is setup for the conference meeting and lunch on Saturday is in the second room. There will be plenty of space to social distance; we will not be shoulder to shoulder. We ask the in-person attendees to wear a mask. Sanitizer along with extra masks will be available. In this unprecedented time, the safety of the District 11 Membership has been our goal.
